

COVID-19 Vaccine Scheduling Updates

January 26, 2021

As previously reported, the allotment (number of vaccines) received from the state this week was far less than we anticipated. We had no choice but to cancel approximately 300 appointments.

Please know we are working diligently with our community partners to be able to vaccinate everyone in a fair and timely manner. Today we will request enough vaccine doses to cover everyone we had to bump this week and all those we have scheduled for next week. However, our ability to vaccinate is dependent on the allocation we receive from the state.

If we do not receive the requested number of vaccines, we will then be rescheduling appointments and bumping backwards all individual appointments in our calendar. Meaning we will put those individuals bumped this week will be given appointments next week and those with appointments next week will be moved to later dates.

This will potentially impact all of you receiving this message and moving your appointment to a later date. Currently, we have over 1,100 individuals scheduled. We will need to be flexible and adjust weekly based on our allocation of vaccine doses. We will not know our allotment (number of vaccines) until Monday am. We will work as quickly as possible to notify those waitlisted of availability and those who may need to be rescheduled. Please continue to watch your email correspondence for updates. If you do not have email, we will contact you by phone.

We apologize for this setback and inconvenience, please know we are working to provide the vaccine as best we can base on supply, demand, and our ability to staff the clinics. We appreciate your cooperation, patience and understanding.

Please continue to look to the following resources for up to date information about the COVID-19 Vaccine and scheduling: Door County website at [Door County, WI | Official Website](#), The Door County Public Health Facebook Page at [Door County Public Health | Facebook](#) or the [Door County Medical Center website at Door County Medical Center - Home \(dcmedical.org\)](#)
