Door County Public Health COVID-19 Vaccine Clinics for children age 5-11

The Centers for Disease Control and Prevention now recommends *everyone ages 5 and older* get a COVID-19 vaccine to help protect against COVID-19. Although children are at a lower risk of becoming severely ill with COVID-19 compared with adults, children can:

- Be infected with the virus that causes COVID-19
- Get very sick from COVID-19
- Have both short and long-term health complications from COVID-19
- Spread COVID-19 to others

Wide-spread vaccination for COVID-19 is a critical tool to best protect everyone, especially those at highest risk, for severe illness and death. COVID-19 vaccines are safe, effective, free, and widely available.

Door County Public Health has scheduled vaccine clinics specifically designed for children ages 5 – 11 years to receive their age-appropriate dose of [Pfizer-BioNTech COVID-19 vaccine](#). The COVID-19 vaccine is free of charge regardless of immigration or insurance status. **Appointments are required.** A parent must sign the consent form and a responsible adult must accompany the minor to the vaccine appointment. The clinic dates and time below are for children age 5-11 only.

**DOOR COUNTY PUBLIC HEALTH VACCINE CLINIC
Pfizer COVID-19 Vaccine age 5-11 ONLY
Appointments Required**

DAY	DATE	PLACE	TIME
Wednesday	November 10	Aging and Disability Resource Center 916 N 14 th Ave Sturgeon Bay Use Main Entrance	3:00pm – 6:00pm By Appointment Only
Friday	November 12	Aging and Disability Resource Center 916 N 14 th Ave Sturgeon Bay Use Main Entrance	4:00pm – 6:00pm By Appointment Only

To schedule an appointment for your child visit bookdcph.timetap.com or call Public Health at 920-746-7180 for assistance.

To help expedite the process we ask that you do the following:

1. Have your child wear short sleeves.
2. **Print and complete consent forms ahead of time.** Forms can be found on our website at [Door County COVID-19 Situation Update | Door County, WI](#) Forms will be available at the site if not completed ahead of time.
3. A parent must sign the consent form and a responsible adult must accompany the minor to the vaccine appointment.
4. ***Cloth Face coverings are required***

Routine vaccination should be deferred for persons with suspected or confirmed COVID-19, regardless of symptoms, until criteria have been met for them to discontinue isolation. While mild illness is not a contraindication to vaccination, vaccination visits for these individuals should be postponed to avoid exposing healthcare personnel and other patients to the virus that causes COVID-19.
